

STANDING SEAM ROOF PANEL

ELEGANT

Standing seam roof panel ELEGANT:

- Timeless look
- Fast assembly
- Light roofing
- Wide range of products

STANDING SEAM ROOF PANEL ELEGANT

Standing seam roof panel ELEGANT combines tradition and modernity. The standing seam roofing is a technical solution that has been used in building engineering for many years. It looks perfect on buildings of contemporary architecture, sacral structures and can be successfully used during renovation of historical buildings.

Standing seam roof panel ELEGANT is economical, durable and universal. It can be used on roofs with very low slope (at least 8%) and when the roof structure is more complex. It can be superbly used in all climatic conditions. It does not require using expensive roof construction elements as it is in the case of alternative, heavier roofing.

Standing seam roof panel ELEGANT ensures timeless look of your roof, and what is more it is reasonably priced. Wide range of profiles, use of exclusive zinc titanium as well as steel sheets covered with organic coatings of varied colours guarantee the unique and unrepeatable look of your house. Today, the roof-work with the use of standing seam roof panels is fast and easy. It is achieved through the use of special assembly technology which utilizes ready-to-use clip attachments.

- Balex Metal standing seam roof panel ELEGANT** is offered in two versions of attachment system:
1. with hidden attachment – specially formed lock hides the sheet attachment to the roof construction (Figure 1.)
 2. with visible attachment (Figure 2.)

TECHNICAL CHARACTERISTICS

TECHNICAL DATA	STANDING SEAM ROOF PANEL ELEGANT WITH HIDDEN ATTACHMENT				STANDING SEAM ROOF PANEL ELEGANT WITH VISIBLE ATTACHMENT			
	305	510	275	485	335	540	300	505
Modular width [mm]	305	510	275	485	335	540	300	505
Height of lock ribbing [mm]	25		37		25		37	
Maximum length [mm]	7 000							
Sheet thickness [mm]	0.50, 0.60, 0.70							
Grade of steel	S250GD - S280GD + Z275, titanium-zinc, corrosion resistant							
Coatings	polyester, polyester mat Pearl, HDP polyester mat, galvanized							
Colours	wide colour palette of Balex Metal							
Facings ribbings	double lining, double narrow lining, single lining							
Weight	approx. 4.5 kg/m ²							
Technical requirements	CE acc. to PN-EN 14782:2008							

TYPES OF STANDING SEAM ROOF PANELS ELEGANT

**STANDING SEAM ROOF PANEL ELEGANT WITH HIDDEN ATTACHMENT,
DOUBLE LINING**

**STANDING SEAM ROOF PANEL ELEGANT WITH VISIBLE ATTACHMENT,
DOUBLE LINING**

**STANDING SEAM ROOF PANEL ELEGANT WITH HIDDEN ATTACHMENT,
DOUBLE NARROW LINING**

**STANDING SEAM ROOF PANEL ELEGANT WITH VISIBLE ATTACHMENT,
DOUBLE NARROW LINING**

**STANDING SEAM ROOF PANEL ELEGANT WITH HIDDEN ATTACHMENT,
SINGLE LINING**

**STANDING SEAM ROOF PANEL ELEGANT WITH VISIBLE ATTACHMENT,
SINGLE LINING**
